Well versed in numerous programming languages including Java, C/C++, PHP, Python, JavaScript, HTML5, CSS, MySQL, PL/SQL as well as proficient in UNIX as well as a dabbler in Docker and system administration as a whole. Strong foundation in data structures, problem solving and algorithms.

Experience

Linked Strategies

Freelance Web Developer

OCTOBER 2020 - DECEMBER 2020, REMOTE

- Built web pages in Vue.js and Node.js according to specified guidelines
- Refactored existing pages to suitable needs

BCX

Software Developer (Intern)

FEBRUARY 2019 - MAY 2019 JOHANNESBURG

For the four months as an intern I was part of an enjoyable Oracle Database Administration team that taught me all there was to do in their roles and work so as to help make their work less time consuming and more enjoyable to work on.

- Managing Oracle Database using PL/SQL
- Automating reports from the database making them readable using the aforementioned tools

Education

WeThinkCode_

National Certificate: Information Technology (Software Development)

MAY 2018 - MAY 2020, JOHANNESBURG

Lyttelton Manor High School

National Senior Certificate

NOVEMBER 2013, CENTURION
